AVerVision F30

Portable FlexArm Document Camera

Product Description

The AVerVision F30 continues the compact flex arm design with ground breaking features such as on-board video and audio recording directly to USB at 30 frames per second. A 720p HD output and 3.2 mega pixel camera sensor with Auto Focus proves for outstanding image quality and clarity that AVer is known for providing. With 16X Zoom and 16.5" X 11.7" of shooting area, the F30 is great for showing documents or objects, both large and small. The combination of the enhanced image quality output, exclusive presentation features and powerful A+ software make the F30 a wonderful addition to any classroom!
